Pitta Venkateshwara Sai Kiran Reddy

📞 +91-9381487309   ✉ saikiranreddypv@gmail.com

📋 PERSONAL DETAILS

Current Location	Hyderabad / Secunderabad
Date of birth	April 21, 2001
Gender	Male

🎓 EDUCATION

Graduation	BE / B.Tech (Electrical and Electronics) Anurag Group of Institutions, Hyderabad with Score 7.47/10 Graduating in Jul 2022
Class XII	Other with 95.1% in 2018
Class X	Other with 83.6% in 2016
Certification Course	Introduction to Machine learning by andrew ng ETAP Power System Analysis For Electrical Engineers Digital Systems From Logic Gates to Processors

🔷 INTERNSHIPS AND PROJECTS

Projects	**Pycompiler** This project is an attempt to make a python compiler for multi platform using python .I written this app using python. kivy, kivymd ,pygiment libraries are used. It is a personal project for fun and to gain practice on OOp. Skills used - Python,OOPS,GUI **A Multiport Bidirectional DC to DC Converter** A bidirectional four port DC to DC converter is designed and simulated using MATLAB for integration of the hybrid renewable energy system to a DC micro grid. The converter uses the least number of semiconductor devices as possible. Skills used - Electronics,MATLAB,Simulink,PSpice,Electrical Engineering

🛠 SKILLS AND ACHIEVEMENTS

Skills	python,communication skills,problem solving,Analytical Skills,C++,Programming,Convincing Power,Hvdc,Python,MATLAB,Simulink,Excel,Word
Language	English (Both), Telugu (Both), Hindi (Read/Write)
